What happens if it is a draw after 80 minutes?

The grand final of the Hutchinson Builders 2009 Queensland Country Championship has a five step procedure to decide the winner, if the scores are tied at the end of regular time.

The following protocols will apply:

1. Two (2) x ten (10) minutes extra time periods – first period to commence with a kick off by the team that commenced the match) with a one (1) minute break; then if no result
2. One (1) x maximum ten (10) minute golden point period – coin toss to be conducted by referee to determine which team kicks off; then if no result
3. Most tries in the actual game; then if no result
4. First try in the game; then if no result
5. Coin toss

The Question

The Gibber Goats move the ball across the backline and the final pass to a player close to the touchline is knocked on with the ball crosses the touchline. The Mulligrubs fast thinking winger immediately takes a quick throw in near where the ball goes out.

What happens next?

- Let the play continue from the quick throw taken by the Mulligrubs?
- Stop the game and restart with a line out Mulligrubs put the ball in,
- Stop the game and have a scrum, Mulligrubs put in?
- Stop the game and give Mulligrubs the option of b) or c)

What's your decision?

The Answer

There are no options. c) The game restarts with a scrum Mulligrubs put it in.

The quick throw cannot be taken as advantage cannot be played after the ball is dead.

Definition of Dead: The ball is out of play. This happens when the ball has gone outside the playing area and remained there, or when the referee has blown the whistle to indicate a stoppage in play, or when a conversion kick has been taken

The referee will award a scrum at the place of infringement in accordance with Law
